Difficulty: ← Easy →
TBD
TBD

ESC to go Back

In this example
settings menu is
conceptualized.

Each menu will have
go back option using
ESC Key

<u>Theme</u>: Since this bullethell will use Ships & Space setting
Im thinking the menu colors will use
neon variants

<u>Menu Option Breakdown</u>

- Start : Throws the player into a match
  Chance For player to choose a ship

- Settings : Here the user can change the
  difficulty
  Other settings are TBD

- Records: This will show a log of scores
  potentially other records like
  K/D Rate, Bosses killed
  lowest & highest score.

- Quit : will Exit the game
